\*\*\* The CoC has strategically decided to apply for a single rapid rehousing project in an amount less than the total available under the DV Bonus category to increase the chances of the project being selected for funding and to not jeopardize current (renewal) projects. This decision is based on a review of the type and size of projects awarded DV bonus projects during the previous HUD CoC Program Competitions; the total amount of DV Bonus funding HUD has available (\$102 million); information in the FY21 HUD CoC Program Competition NOFO regarding viability criteria for new projects that HUD will be used to independently score the DV projects; and HUD's required ranking and tier process to include all projects. The maximum DV Bonus amount available to our CoC, based on 10% of the FPRN, is \$1,358,588. A CoC may apply for a total of 3 DV Bonus projects to include Rapid Rehousing, Joint Transitional Housing-Rapid Rehousing and Coordinated Entry.
