

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD.gov at https://www.hud.gov/program_offices/comm_planning/coc.
- Questions regarding the FY 2021 CoC Program Competition process must be submitted to CoCNOFO@hud.gov.
- Questions related to e-snaps functionality (e.g., password lockout, access to user's application account, updating Applicant Profile) must be submitted to e-snaps@hud.gov.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2021 Continuum of Care (CoC) Program Competition. For more information see FY 2021 CoC Program Competition NOFO.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2021 CoC Program NOFO.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with navigational guides, which are also found on the HUD Exchange.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2019 Project Application will be imported into the FY 2021 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2021 CoC Program Competition NOFA.

Information About Submission without Changes

Follow the instructions below making note of the exceptions and limitations to the “Submit Without Changes” process.

In general, HUD expects a project’s proposed project application information will remain the same from year-to-year unless changes are directed by HUD or approved through the grant agreement amendment process. However, HUD expects applicants to carefully review their information to determine if submitting without changes accurately reflects the expiring grant requesting renewal.

Due to e-snaps limitations, only previously submitted renewal applications can import data into the FY 2021 renewal project application. The data from previously submitted new and renewal project applications can be imported into a FY 2021 renewal project application. The “Submit without Changes” process is not applicable for:

- first time renewing project applications
- a project application that did not import last FY 2019 information
- a project that had Issues or Conditions that were addressed in FY 2019 Post-Award and updates need to be reflected in the FY 2021 project application
- a project that had amendments approved in FY 2019 or FY 2020 that need to be reflected in the FY 2021 project application

e-snaps will automatically be set to “Make Changes” and all questions on each screen must be updated.

Renewal projects that brought forward data from FY 2019 and have either a Leasing budget, Operating budget or use HUD PAID RENTS (Actual Rents) instead of FMR MAY NOT use the “Submit Without Changes” process and e-snaps will automatically be set to “Make Changes”. All Leasing and Operating budgets, along with Rental Assistance budgets that use HUD PAID Rent will need to be updated in the application. Refer to the GIW posted on the HUD Exchange for accurate budget information on leasing and operating budgets and refer to the HUD PAID RENT document sent by your field office from HUD HQ to accurately set your rental assistance budgets that use HUD PAID rents. This will only impact the FY 2021 competition.

The e-snaps screens that remain “open” for required annual updates and do not affect applicants’ ability to select “Submit without Changes” are:

- Recipient Performance Screen
- Consolidation and Expansion
- Screen 3A. Project Detail
- Screen 6D. Sources of Match
- All of Part 7: Attachments and Certification; and

All other screens in Part 2 through Part 6 begin in “Read-Only” format and should be reviewed for accuracy; including any updates that were made to the 2019 or 2020 project during the CoC Post Award Issues and Conditions process or as amended. If all the imported data is accurate and no edits or updates are needed to any screens other than the mandatory screens and questions noted above, project applicants should select “Submit Without Changes” in Part 8. If project applicants imported data and do need to make updates to the information on one or more screens, they must navigate to Part 8: “Submission Without Changes” Screen, select “Make Changes”, and check the box next to each relevant screen title to unlock screens for editing. After project applicants select the screens they intend to edit via checkboxes, click “Save” and those screens will be available for edit. Once a project applicant selects a checkbox and clicks “Save”, the project applicant cannot uncheck the box.

Please refer to the Detailed Instructions found on the left side menu of e-snaps or hud.gov to find more in depth information about applying under the FY 2021 CoC Competition.

Renewal Grant Consolidation or Renewal Grant Expansion

The FY2021 CoC Competition will continue offering opportunities to expand or consolidate CoC projects. A few changes have occurred that differentiate the process from FY 2019.

1. Expansions and Consolidations will submit individual applications.
 - a. Expansions will ONLY submit a Stand-Alone Renewal application and a Stand-Alone New application.
 - b. Consolidations will ONLY submit individual renewal project applications, identifying the renewal application that will survive, and the renewal applications that will terminate. Up to 10 grants may be included in a consolidation.

2. HUD HQ will combine the data (e.g., units, budgets) for Expansion or Consolidation requests from the individual project applications selected for conditional award and provide a data report with further instructions for the field office and conditional recipient.

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

The Coordinated Entry (CE) process enables communities to effectively and efficiently use resources to house those experiencing literal homelessness or fleeing or attempting to flee domestic violence with no other supports. A coordinated entry process makes it easier for persons experiencing homelessness to access the housing and service resources that are best suited for them and identify the need for additional resources in the hopes of making homelessness rare, brief and non-recurring. In December 2017, the Tampa/Hillsborough Continuum of Care (CoC) implemented CE in our community as directed by HUD. The last full Point in Time (PIT) Count was conducted pre-pandemic February 20th, 2020; it identified 1452 individuals experiencing homelessness; a decrease of only 198 from the previous year. For the period June 1st, 2020 to May 31st, 2021 there were 7,499 individuals enrolled with providers requiring housing assistance. Sustained funding of this project guarantees that the Housing Access Managers employed, continue to train members of the CoC on best practices, policies and procedures thereby effectively moving homeless individuals and families to housing as quickly as possible in accordance with local, state and federal policies and guidelines. Continued funding for CE also ensures that the CoC implements the requirement for CoC and Emergency Solutions Grant (ESG) to incorporate CE but also ensures that funded providers are engaged in aggressive and comprehensive outreach to identify, assess and prioritize those homeless and/or at risk of becoming homeless linking them to compatible service and housing providers; and maintenance of new landlords and developers to increase housing options. The Community Wide Affordable Supportive Housing (C.A.S.H.) Program, an initiative geared towards obtaining and preserving collaborations with developers and landlords to increase housing options for persons emerging from homelessness, has been instrumental in creating a structure/template that not only benefits the developer/landlord but the community as well.

3b. Does the project enroll program participants who have the following barriers? Select all that apply.

Having too little or little income	<input checked="" type="checkbox"/>
Active or history of substance use	<input checked="" type="checkbox"/>
Having a criminal record with exceptions for state-mandated restrictions	<input checked="" type="checkbox"/>

Failure to participate in supportive services	<input checked="" type="checkbox"/>
Failure to make progress on a service plan	<input checked="" type="checkbox"/>
Loss of income or failure to improve income	<input checked="" type="checkbox"/>
Any other activity not covered in a lease agreement typically found for unassisted persons in the project's geographic area	<input checked="" type="checkbox"/>
None of the above	<input type="checkbox"/>

3d. Does the project follow a "Housing First" approach? Yes

4. As a renewal SSO-Coordinated Entry project update the following questions.

4a. Will the coordinated entry process cover the CoC's entire geographic area? Yes

4b. Will the coordinated entry process be affirmatively marketed and easily accessible by individuals and families seeking assistance? Yes

4c. Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance.

Access to our CE process is made available at shelters where those wanting

temporary housing can be enrolled and assessed for support and most appropriate housing intervention. Community Housing Solutions Centers as well as drop-in centers and outreach where those most vulnerable are likely to engage or be engaged also provide access to the CE process. For areas within the County where there are no shelters and also where there are noted encampments/sites where those experiencing homelessness congregate; the Hot Spot Mobile Outreach team, a mobile resource center, is deployed to engage and assess for services, including housing. Information about these Access Points can be found on THHI's social media networking sites: website (www.thhi.org) , Facebook (www.facebook.com/thhi.org), twitter (#thhi) and weekly newsletters via email as well as flyers displayed at service provider locations in the Survival Guide. The Crisis Center of Tampa Bay's 211 Helpline also shares these Access Points with those callers that require housing assistance.

During COVID outreach providers were limited with regards to the large quarterly events that could be held but engagement did continue within protocols, so those not only require housing but also needing information, supplies and assistance to get through the pandemic could be assisted.

4d. Does the coordinated entry process use a comprehensive, standardized assessment process? Yes

4e. Describe the referral process and how the coordinated entry process ensures program participants are directed to appropriate housing and services.

Households are matched to a compatible housing intervention based on their Vulnerability Index – Service Prioritization Decision Assistance Tool (VI-SPDAT) score; this is a standardized tool that is designed to assess the health and social needs of those experiencing homelessness and match them with the most appropriate support and housing interventions available based on the severity of their needs. In our CoC those households fleeing or attempting to flee domestic violence, including trafficking or sex work; are the highest priority and are offered the first compatible housing intervention available since the VI-SPDAT does not assess for vulnerability related to domestic violence. There are specific versions meant to assess particular sub-populations: VI-SPDAT – Singles 25 years and older, VI-FSPDAT – Families with minors and TAY-VI-SPDAT – Unaccompanied Youth 16 – 24 years old. Based on these specific assessments and Rapid Rehousing assistance for the unique populations Priority Lists were created for Singles, Families with minors and Unaccompanied Youth. These Priority Lists are generated bi-weekly and uploaded to Zendesk for housing providers to pull households based on their program criteria. A Veteran By Name List is also created due to veteran specific funding not only at Access Points (shelters and Supportive Services for Veteran Families <SSVF> outreach) but also in housing with SSVF Rapid Rehousing (RRH) and Veterans Affairs Supportive Housing (VASH). There are bi-weekly (Vets) and monthly case conferences where the most vulnerable on these lists are discussed and, case managers have the opportunity to address factors that may influence an individual's or family's assessment score; and address other services the individual or family may benefit from. Since services and affordable housing are limited in our community, Prevention and Diversion

continues to be an integral component of our crisis response system and is discussed at all engagements with the individual or family.

4f. If the coordinated entry process includes differences in access, entry, assessment, or referral for certain subpopulations, are those differences limited only to the following five groups: Yes

- (1) adults without children,
- (2) adults accompanied by children;
- (3) unaccompanied youth;
- (4) households fleeing domestic violence, dating violence, sexual assault, stalking, or other dangerous or life-threatening conditions (including human trafficking); and
- (5) persons at risk of homelessness.

4g. This coordinated entry project will refer persons experiencing homelessness to projects that specifically coordinates and integrates mainstream health, social services, and employment programs to program participants for which they may be eligible? Yes
